

ATLANTIC

GENERAL INFORMATION

Situated in the heart of London's vibrant Piccadilly, The Atlantic Bar and Grill with its glorious Art Deco interior is one of the most sought after venues in central London. Since its highly acclaimed opening in 1994, Atlantic has been visited many from the media, film & music industry. It really is just one of those places that goes from strength-to-strength and with no sign of letting up.

Stephen Carter, the Executive Head Chef, is renowned for his clever and delicious combinations of the freshest and most exciting ingredients to create a wide and imaginative modern British selection of dishes. The extensive wine list is complimented by an exciting array of cocktails that can be specially created for your event by the award winning bar staff.

Chez Cup, the salon privé, is a circular room with high ceilings and superb acoustics. The flexibility of this room has rendered it a most popular location for fashion shows, film premier parties, product launches, TV screenings, breakfast seminars, art exhibitions as well as private and corporate lunches and dinners.

Dick's Bar, our famous champagne and cocktail lounge, has been beautifully restored to its original splendour. Dick's Bar can host functions for exclusive use for breakfast, lunch and all day meetings from Monday to Friday with canapé receptions from Monday to Wednesday
